Dr. Berg is an educator, small business owner, mother, and citizen whose entire career has been dedicated to being of service to the people of Hawaii.

Her belief, that we share a responsibility to provide our children with a better and healthier future, is evident in her work facilitating community leadership on behalf of the Civic Forum on Public Schools.

Her philosophy is that the true measure of our success as a society can be seen in the way we conduct ourselves in business and politics.

Her conviction, that each of us plays a significant role, as citizens, in influencing the shape of public policy, is apparent through her involvement as the Founder and past President/CEO of Kids Voting Hawaii and through her civic education work with schools.

As a former school administrator, talk-show host, and Rotarian she hears the issues our youth and neighbors face every day, and is deeply concerned about the course of Hawaii's future – as well as the quality of our lives today.

Dr. Berg is an energetic, courageous, and educated individual who brings first-hand experience of life in our communities to the legislative arena. Her leadership experience and willingness to speak out for those who feel they cannot, fosters inclusion, collaboration, and problem-solving. Dr. Berg is completely committed to working together with others as an advocate for social justice to restore faith in our government and the people who serve.
